								s and its safe use. Inspect containers
								ume/gas/mist/vapours/spray. Avoid
contact with eyes,	skin and cl	lothin	g. Keep a	way from	n heat, spar	ks and flame.	Avoid generating high concentrat	ons of dusts, vapours or mists. Keep
away from incompatible materials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also to								
Section 8.								
Conditions for safe storage, including any incompatibilities Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10).								
								ould be clearly identified, clear of
obstruction and ac	cessible of	my to	trained pe	a sonnel.	inspect per	iourcany for da	amage of leaks.	

Energy efficiency since 1985

Section 8. Exposure controls/Personal protection

Control parameters (biological limit values or exposure limit values and source of those values)

Exposure limits: None

Appropriate engineering controls

Use under well-ventilated conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

Individual protection measures/personal protective equipment

Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemically protective gloves (impervious), and other protective clothing to prevent prolonged or repeated skin contact, must be worn during all handling operations. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nails/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.

Section 9. Physical and	chemical properties
Appearance, physical state/colour Yellow liquid	Vapour pressure Not available
Odour Oil	Vapour pressure Not available
Odour threshold Not available	Relative density 0.8741
pH Not available	Solubility Not available
Melting/freezing point -37°C	Solubility For available Partition coefficient - n-octanol/water Not available
Initial boiling point/range Not available	Auto-ignition temperature Not available
Flash point 234 °C	Decomposition temperature Not available
Evaporation rate Not available	Viscosity 102.89 cSt @ 40°C
Flammability (solids and gases) Not available	VOC Not available
Upper and lower flammability/explosive limits Not available	Other None known
Section 10. Stability	
Reactivity	and reactivity
Does not react under the recommended storage and handling conditions prescr	ibed
Chemical stability	
Stable under the recommended storage and handling conditions prescribed.	
Possibility of hazardous reactions	
None known.	
Conditions to avoid (static discharge, shock or vibration)	
None known.	
Incompatible materials	
Oxidizing materials; etc.	
Hazardous decomposition products	
None known	
	ical information
Section 11. Toxicolog Information on the likely routes of exposure (inhalation, ingestion, skin	
May cause transient eye irritation.	and eye contact)
Symptoms related to the physical, chemical and toxicological characteri	ation
Eye irritation, redness, tearing.	sucs
Delayed and immediate effects (chronic effects from short-term and lon	a town ornograph
Skin Sensitization – No data available;	g-term exposure)
Respiratory Sensitization – No data available;	
Germ Cell Mutagenicity – No data available;	
Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA;	
Reproductive Toxicity – No data available;	
Specific Target Organ Toxicity — Single Exposure – No data available;	
Specific Target Organ Toxicity — Repeated Exposure – No data available;	
Aspiration Hazard – No data available;	
Health Hazards Not Otherwise Classified – No data available;	
Numerical measures of toxicity (ATE; LD ₅₀ & LC ₅₀)	
None	
ATE not available in this document.	
Section 12. Ecologic	cal information
Ecotoxicity (aquatic and terrestrial information)	
No data available for the product.	
Persistence and degradability No data available	
Bioaccumulative potential No data available	
Mobility in soil No data available	
Other adverse effects No data available
